Checklist - Long Term Care

Maintain all entries and records in your binder. Please have your preceptor sign below that satisfactory performance was shown in the following areas. Enclose all pertinent material. The intern has:

- reviewed the most recent state inspection results.
- demonstrated familiarity for the Minimum Data Set (MDS) and Care Area Triggers (CATs) & Care Area Assessments (CAAs) Protocols
- completed 5 MDS quarterly assessments.*
- completed follow up/reassessment documentation.*
- completed meal rounds, recording caloric intake and recommended changes as needed.*
- attended medical and skin care rounds. *
- reviewed adaptive eating devices with the OTR and observed proper usage of the devices.
(virtual set-up a meeting with OT and write a report on equipment)
- coordinated the design of menus and modifications for therapeutic diets.
- attended inter-professional meetings, developed nutrition care plans for the assigned residents and adjusted the care plans as needed.*
- monitored enteral and /or parenteral fed residents ensuring needs are met.*
- discussed needed changes in nutrition support orders with other disciplines as needed.*
- reviewed a Modified Barium Swallow(MBS) , Fiberoptic Endoscopic Evaluation (FEES) OR Video Fluoroscopic Swallow Study (VFSS) report and tracked the communication between the RD and the ST. (virtual set-up a meeting with SLP and write a report)
- referred residents to other primary care providers as appropriate.*

(virtual may review with preceptor and record findings in e-binder.)
